

# Marketing and Strategic Communications: Health Services Research & Public Health Resources

Project Title	Marketing and Strategic Communications: Health Services Research & Public Health Resources
Project Summary	Seeking creative individual to design and recommend eye-catching graphics and marketing materials for public health and health service research products
Country	United States
Agency	National Library of Medicine
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	1

## Project Description

Seeking: Creative graphic designer. You care about the user experience. You have access to graphic design programs. You want to expand your portfolio. You have an analytical mind. You can present clear recommendations for product improvement or new product design.

The products waiting for you might include creation of original graphics, brochures, data visualizations, documentation of best practices, new product recommendations, and more!

Work with the National Information Center on Health Services Research and Health Care Technology (NICHSR) to develop interesting and simple visual products that can be understood across a broad audience within the health services research and public health workforce.

## Desired Skills Interests

## Additional Information

- Access to graphic design software
- Access to WebEx, GoogleChat, or Skype
- Access to Google Drive
- Access to a good internet connection
- Detail-oriented, organized
- Good oral and written communication skills
